

Technical Training Programs For Year 2012		
Date	Course Title	Fee Per Delegate
February		
15-17 (Tue-Thurs)	Basic Water Analysis / Drinking Water Course	Three days 1,450.00
Mar		
27-29 (Tue-Thurs)	Basic Water Analysis / Wastewater course	Three days 1,450.00
April		
10 (Tue)	Jar Test & Water Microbiology Course: JT-MB	One day 500.00
24 - 25 (Tue-Wed)	Basic Wastewater Analysis Course: BOD/COD Analysis	Two Days 1000.00
May		
8 - 10 (Tue-Thurs)	Basic Water Analysis / Drinking Water Course	Three days 1,450.00
June		
5 (Tue)	Jar Test & Water Microbiology Course: JT-MB	One Day 500.00
Oct		
9-11 (Tue-Thurs)	Basic Water Analysis / Wastewater course	Three Days 1450.00

Arachem Technical Training Centre (ATTC) is specifically designed to provide advanced and comprehensive-training programs related to the analysis of water & wastewater monitoring. ATTC continues to attract diverse portfolio of clients to offer innovative training programs tailored to keep up with the latest scientific technology and realizing our attainment between advanced scientific and engineering equipment and skilled human resources.

The Course:

Basic Drinking Water Analysis

- Sampling, preservation and digestion technique.
- Drinking water colorimetry Analysis
- Electrochemical – pH Analysis
- Turbidity Analysis, DO Analysis, TOC, THM

Basic Wastewater Analysis

- BOD & COD Analysis, TOC Analysis
- Nitrogen Analysis
- Phosphorus, pH, DO TSS, TDS Std. Analysis

Basic Boiler & Cooling Water

- Boiler & Cooling water colorimetry analysis.
- DO Measurement
- Titration Analysis
- Corrosive Indices, Langliers Indices

Verification on Process Analyzers

- Installation & start up
- Routine Maintenance Procedure
- Calibration of Process Analyzers
- Verification Procedures

Microbiology Analysis in Drinking Water

- Rapid Tests Demonstration
- Membrane Filtration Technology
- E-coli and Total Coliform determination
- Heterotrophic Bacteria Testing using Pour Plate Method
- Latest Methods – Presence/ Absence, Quantification

JAR Test in Drinking Water

- Jar Test Technique & Hands-on

Remarks:

Group Fee (for 3 or more delegates)	10% Discount*
Early Bird Fee (Registration & payment received 2 weeks before the training)	10% Discount*

** Only one type of discount is applied.*

Cancellation Policy:

The participant/s will be liable for the training fee due to their cancellation.

Disclaimer:

The company reserves the right to change the date and to cancel the training should circumstances beyond its control arise.

Customized Training Programs with minimum 5 participants:-

- 1) Two-Days Basic Water Analysis for Boiler & Cooling Water
- 2) Two-Days Basic Water Analysis for Verification on Process Analyzers
- 3) One-Day Short Course on Basic Water Analysis for Jar Test in Drinking Water
- 4) Two-Days Basic Water Analysis for Microbiology in Drinking Water
- 5) One-Day Short Course on Basic pH, Conductivity/ TDS & Turbidity Analysis in Water
- 6) One-Day Short Course on Basic BOD & Dissolved Oxygen Measurement
- 7) One-Day Short Course on Basic Water Distribution Monitoring

**Please request a quotation from us if you are interested.*
